Cylinder head screw (6 pc.)	M6-A2-Ag

Motor Flanges, completed

Save time and money!

We can also produce the complete motor flange for you. Just tell us the dimensions of your motor and we set up construction and a quotation for you, for the requirements of your drive system.

This is what we need from you:

- Motor shaft diameter
- Motor shaft length
- Diameter centering device
- Position and number of mounting drills
- Would you like the matching screws ?

example of completed motor flange
